

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

The Side Mirrors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

1. Get the screws and nuts from the product accessories package and put them on the mounting bracket of the mirror, and then install the bracket on the original vehicle frame (the height of the installation depends on the owner's preference). As shown in picture:

2. Distinguish the left and right sides and install the side mirror on the corresponding bracket, and then tighten the screws (Note:

Side Mirrors for YAMAHA RMAX2 / RMAX4

ZP-YJ-031105-001

before fixing the screws, insert the non-slip pad in the hoop of the mounting bracket, and then adjust the mirror to the appropriate angle, at last tighten the screws). Install the other side in the same way. As shown in picture:

3. Installation finished.
