

Rear Bumper for Yamaha Raptor 700

ZP-YJ-031103-001

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This Rear Bumper Kit is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

1. Remove the two M6*10 screws on the original frame, one on each side.

2. Remove four M8*20 flange screws of the original frame for standby, two on each side, and then remove the original frame.

3. Assemble with two M8*40 inner hexagon screws and two M8 lock nuts.

4. Assemble with two M8*60 screws, six M8 nuts and two round leather pads.

5. Clamp the groove of the round leather pad into the plastic part.
