

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

The Side Mirrors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

1. Product picture

2. First, fix the mounting bracket of the side mirror to the mirror shell with screws. As shown below:

2.1 The bracket is divided into left and right parts, which should be noted during installation.

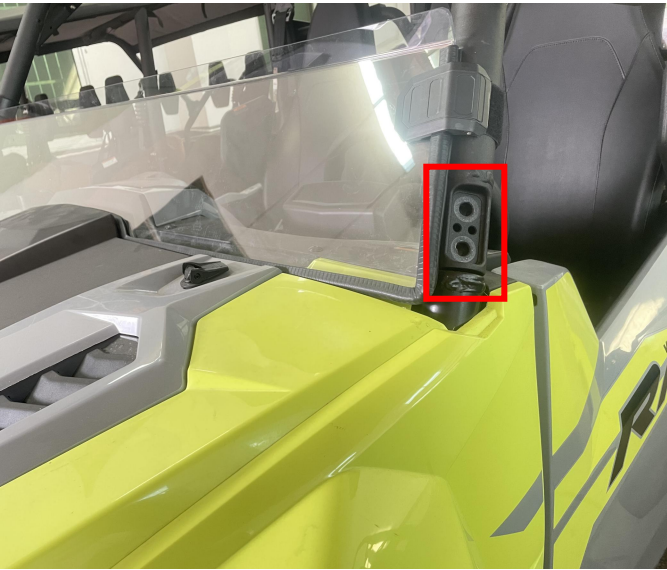

2.2 Do not tighten the screws too tight for the time being.

3. Unscrew the screws on the guard bar of pillar A of the original car, use the trombone screws matching the side mirror, pass through the support hole of the side mirror, put on the liner and install on the guard bar of pillar A, and then tighten the nuts. As shown below:

Side Mirrors for Yamaha RMAX2/ RMAX4
