

Interior Front and Rear Door Pocket Storage for YAMAHA RMAX2 / RMAX4

ZP-YJ-031103-005

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

The Door Pocket Storage is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

1. Place the storage box on the front mounting plate, align the mounting holes on the storage box with the holes on the original vehicle, and fix the storage box by screws. As shown in picture:

2. Drill a screw hole by a 3MM drill bit as indicated in the picture, and then tighten the screw. (The storage box on the other side can be installed as the same steps 1-2) As shown in the picture:

3. Distinguish the left and right sides of the product, and then place the storage box at the installation position of the rear door panel. Fix it with the screws provided with the product. (Follow the same steps to install the storage box on the other side).As shown in the picture:
