

Side Mirrors for Polaris Ranger XP 1000

ZP-YJ-030505-021

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

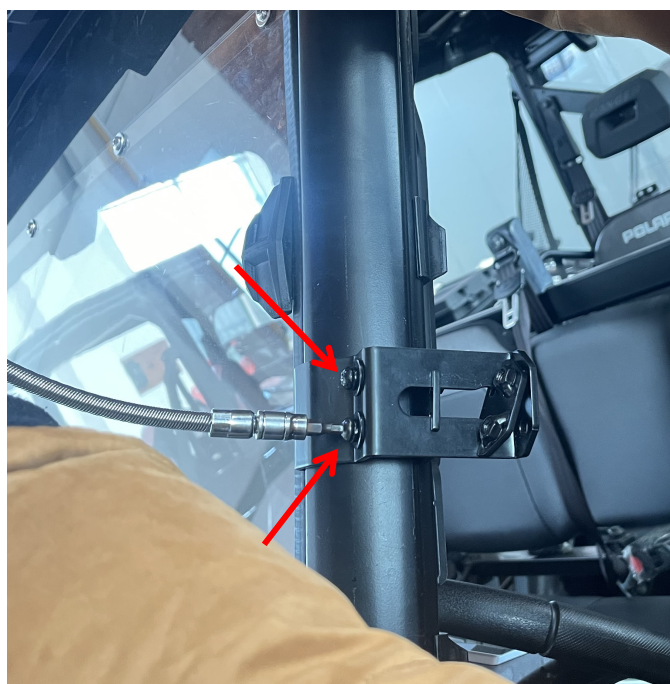

This Side Mirrors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

1. Product picture

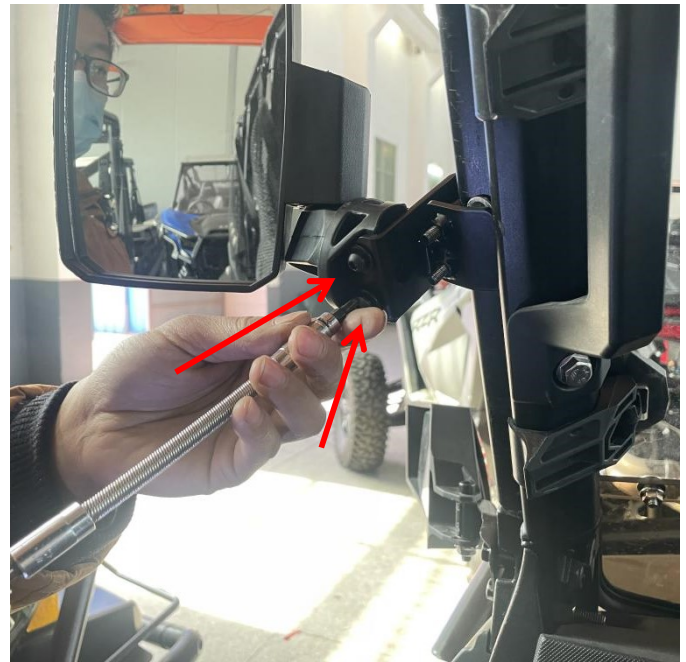

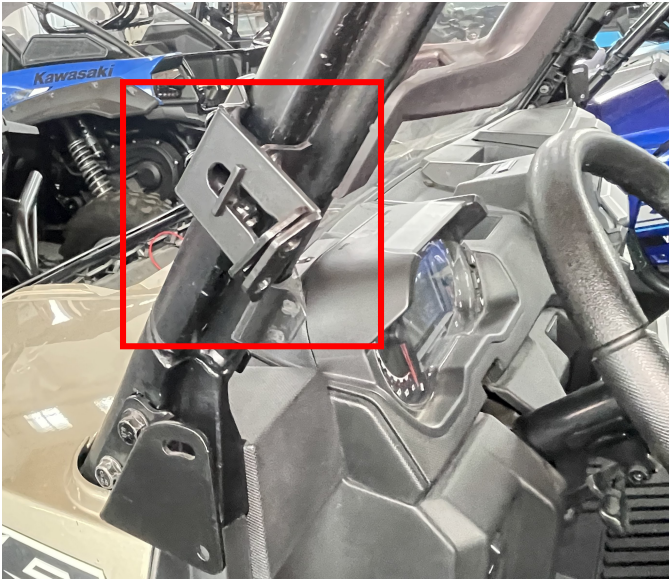

2. Firstly, remove the screws on the mounting bracket of side mirror, and then clamp the mounting bracket of side mirror on the A-pillar frame of the original vehicle (Installation height is as required), and then use the supporting screws to fix the bracket. As shown below:

3. After adjusting the side mirror to an appropriate Angle (there is a screw at the bottom plug of the side mirror, you can loosen the screw to adjust the Angle of the side mirror), install the mirror on the mounting bracket, and fix it with screws. Install the side mirror on the other side as above steps. As shown below:

4. Installation finished.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.
