

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

The side mirrors are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

1. Product picture

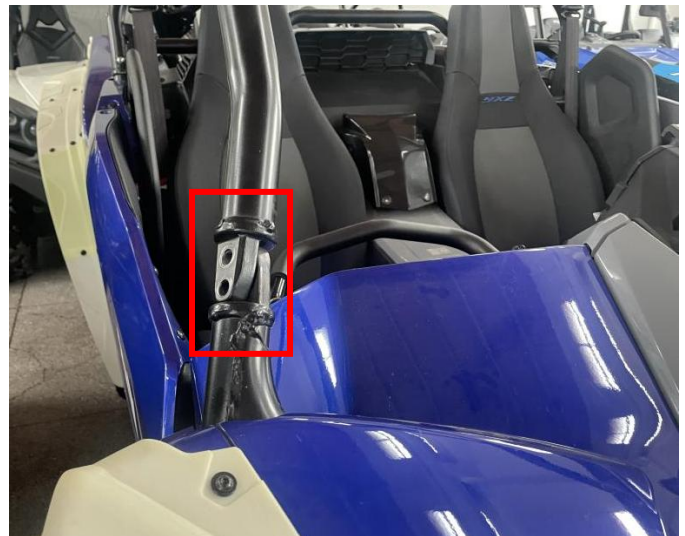

Side mirrors: 1 pair

Matching screws: M10*60 4 pieces

Supporting nuts: M10 4 pieces

2. First, unscrew the screws at the A-pillar of the original vehicle and replace them with the screws that match the product. Then, install the side mirror on the screws and use the matching nuts to fix it. Finally, adjust the angle of the side mirror to the appropriate angle. (The other side mirror is installed in the same way).As shown below:

Side Mirrors for Yamaha YXZ

ZP-YJ-031105-006

SAUTV5

3. Installation finished.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.
