

Grille Accent Fang Lights for Honda Talon

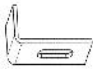

ZP-YJ-030902-009

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Grille Accent Fang Lights are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

KIT CONTENTS

PART DESCRIPTION	DIAGRAM	QTY
Fang Lights		1
Cross Self-tapping screw - 3x10		6
L-shaped fixed bracket		6
Adapter cable		1

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

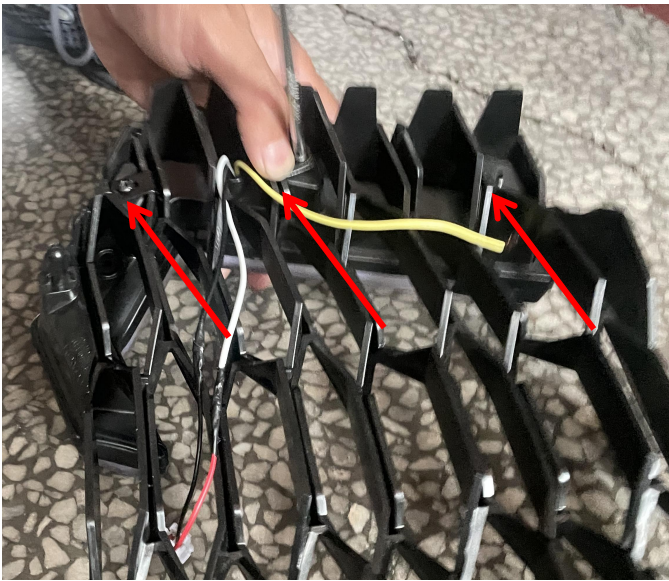

1. First remove the front grille of the original vehicle, then install the fang lights on both sides of the grille, and fix it with the "L" bracket and Self-tapping screw. As shown in picture:

2. Next, remove the hood of the original vehicle, open the mudguard inside the hood, locate the wire harness plug-in reserved for the original vehicle, and connect the adapter wire in the accessory package to the original vehicle plug-in. As shown in picture:

3. Pull the remaining adapter wire along the vehicle gap to the front grille, and connect it with the harness of the fang lights on the grille. Then start the vehicle to check whether the fang lights light up normally, and install the grille back to its original position after confirmation. As shown in picture:
