

LED Headlights for Yamaha Wolverine

ZP-YJ-031101-003

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

These LED Headlights are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, remove the original vehicle hood, and then remove the original vehicle headlight installation housing as well. As shown in picture:

2. After removing the original headlight from the installation shell, replace it with a new headlight. (It can be fixed using the original vehicle screws or the product's matching screws). As shown in picture:
