

# LED Headlights for Yamaha YXZ1000

ZP-YJ-031101-003

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

These LED Headlights are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

## INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. Remove the original vehicle hood first. As shown in picture:

2. Remove the mounting bracket of the original headlight and disconnect the wiring harness connector. Then, remove the original headlight from the mounting bracket and fix the new headlight on the mounting bracket using the original method (it can be fixed using the original vehicle screws or the product matching screws). Install the other headlight in the same way as above. As shown in picture:
