BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This *Center Interior Mirror and Side Mirrors Kit* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Side Mirrors Installation

Product picture and accessories

1. First assemble the mounting bracket of the side mirrors first. Don't tighten the screws when fixing them, facilitate the subsequent installation. As the picture shows:

2. Clamp the side mirror on the A-pillar frame

of the original vehicle, adjust it to the appropriate height, and tighten the screws on the mounting bracket. Install the other side in the same way. As the picture shows:

Note: Before tightening the screws of mounting bracket, it is necessary to place two non-slip pads between the bracket and the rod tube.
