

# Electronic Device Holder for CFMOTO ZForce 950

SAUTVS®

ZP-YJ-031203-001

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

This *Electronic Device Holder* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

## PRODUCT AND ACCESSORIES

## INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Place the device holder in the corresponding position on the instrument table and fix it directly with self-tapping screws. As the picture shows:

Note: Before fixing screws, use the smallest drill bit to punch small holes on the instrument panel in the corresponding positions of the screw holes in the device holder, so that it is easier to fix screws later.

3. The installation is complete.
