

Headlights with RGB DRL for Polaris RZR PRO XP

ZP-YJ-030501-017

SAUTVS

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

This *Headlights* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product accessories

1. First remove the cover of the original vehicle, center light and original headlights (the wiring harness plug-ins of the headlights should also be disconnected in advance). As the picture shows:

Note: Unscrew the two screws of the two wing panels of the original vehicle, for removing the headlights.

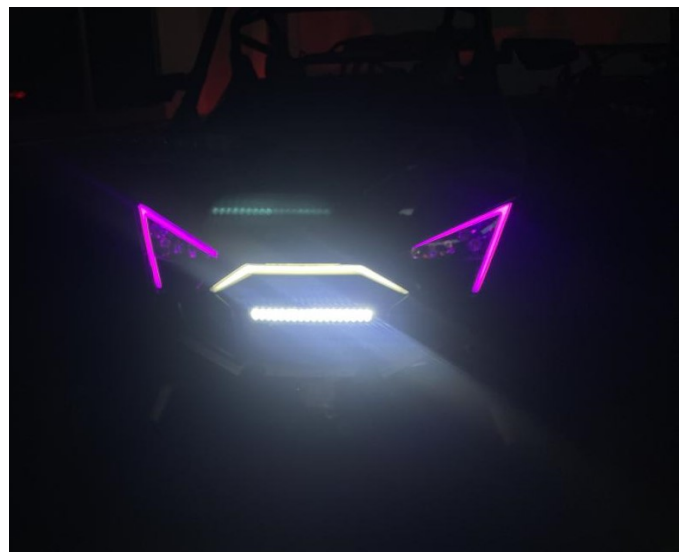

2. Move the "H" shaped rubber stopper and plug on the original headlight to the new headlight according to the original positions, and then install the new headlight back to the original vehicle, connect the wiring harness plug-ins and start the vehicle, open the switch of headlight, check whether the new headlight work normally, and then use the screws and springs of original vehicle to fix it. As the picture shows:
