

Tail Lights for Kawasaki Teryx

ZP-YJ-031002-007

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

These Tail Lights are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, remove the original taillight (simply unscrew the two nuts on the rear shell of the taillight to remove it), disconnect the wiring harness connector, reconnect the original vehicle wiring harness with the wiring harness on the new taillight, install the taillight, and finally use the original nuts to secure the new taillight. (The other tail light is installed in the same way).As shown in picture:
