

Front and Rear Wider Fender Flares for Polaris RZR XP 1000 2024

ZP-YJ-030510-018

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

IMPORTANT

This *Fender Flares* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

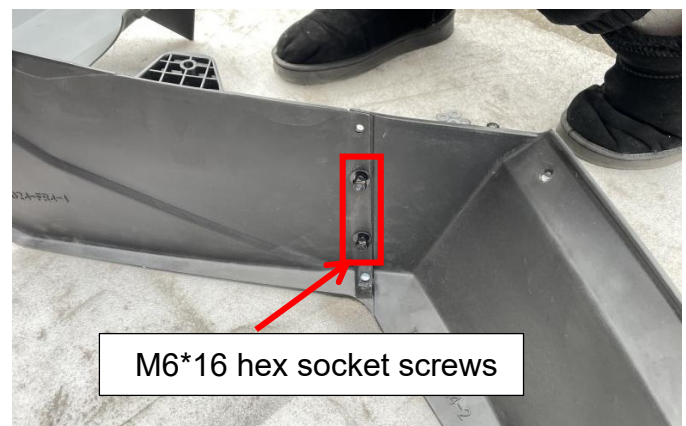

INSTALLATION INSTRUCTIONS

Product picture

Front Fender Flares

1. According to the numbers on the back of the fender flares, use screws to assemble the fender flare No.1.2.3.4 into a whole. As the picture shows:

2. After unscrewing the 4 screws on the original fender flares, place the new wider fender flares on the original fender flares, and then screw the

removed 4 screws back to the original positions, and use the M5*16 self-tapping screws in the product package to reinforce in turn. As the picture shows:

Rear Fender Flares

1. Assemble the rear fender flares according to the assembly method of the front fender flares. As the picture shows:

2. After unscrewing 1 screw on the rear fender flare of the original vehicle, place the new wider fender flare on the original fender flare, and then screw the removed screw back to the original position, and use the M5*16 self-tapping screws of the product to reinforce in turn. (The other side can be installed in the same way). As the picture shows:
