

Mud Flaps for Honda Pioneer 1000

ZP-YJ-030910-007

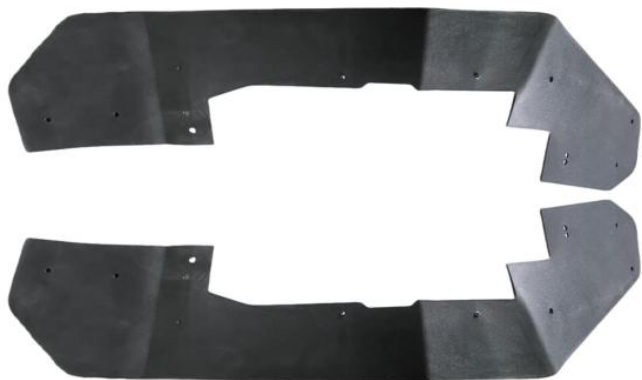

SAUTVS®

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

This *Mud Flaps* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

PRODUCT AND ACCESSORIES

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Pry out the 2 buckles from the original fender flares first, then place the mud flaps under the fender flares, and reinstall the buckles (You can also use the accessory kit). As the picture shows:

3. Drill holes at the 2 positioning holes on the top of the mud flaps with an 8mm drill bit, and fix them with buckles, as shown in the figure:

4. The remaining positioning holes on the mud flaps can be fixed by using the self-tapping screws and the flat pad in the kit. (Install the other side in the same way as above). As the picture shows:

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.

5. The installation is complete.
