

Rear Seat Speaker Pods for Polaris Ranger XP 1000

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This *Rear Seat Speaker Pods Kit* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product picture and accessories (Speakers are not included)

Note: This product is suitable for 6.5 inch speaker

1. First distinguish the left and right sides of the iron brackets, then use M6*16 self-tapping screws to fix it on the roof of the original vehicle (the roof has reserved fixed columns), and finally use M5*30 screws to install the speaker and speaker pod on the iron bracket (the other side is installed in the same way). As the picture shows:

Note: The wiring harness of the speaker needs to be connected by the owner.

2. Installation finished.
