

# UNDER DASH 6.5" SPEAKER PODS FOR POLARIS RZR PRO XP

ZP-YJ-030503-157

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

## IMPORTANT

Your SPEAKER PODS KIT is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

**Note:** Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

## INSTALLATION INSTRUCTIONS

Product and accessories:

**Note:** Speakers are not included in this product and need to be purchased by yourself.

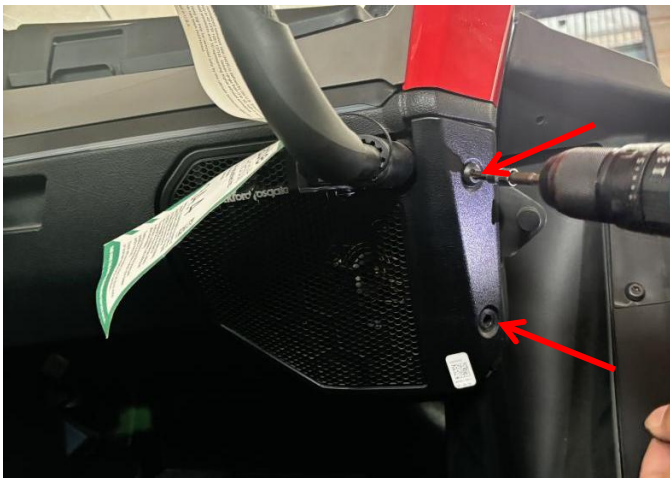

1. First place the speaker in the pod, then place the ring frame corresponding to the groove on the pod, and use M4\*20 screws to fix it. As the picture shows:

2. Remove the speaker decoration net under the instrument panel of the original vehicle. As the picture shows:

ZP-YJ-030503-157

3. Install the speaker pod on the original vehicle, fix with 6.3\*19 and 4\*10 self-tapping screws, and finally install the speaker decoration net of the original vehicle back to the original position (the other side of the speaker pod can be installed in the same way). As the picture shows:

**Note:** The two screw holes on the speaker pod should be aligned with the screw holes reserved for the original vehicle.
