

# Trim Plates of Front Fascia for Polaris RZR XP 1000 2019-2023

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

## IMPORTANT

These *Trim Plates* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

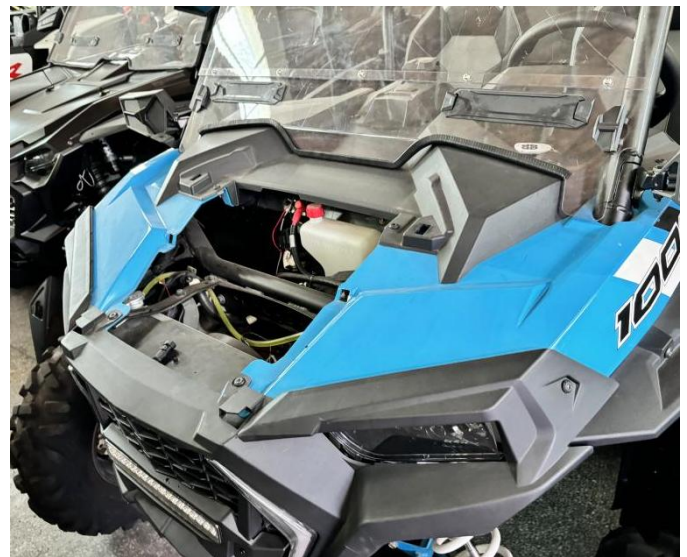

## INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

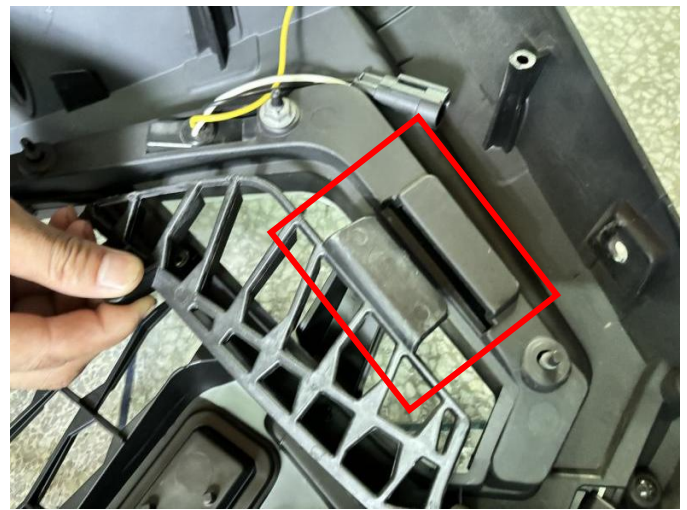

Product picture and accessories

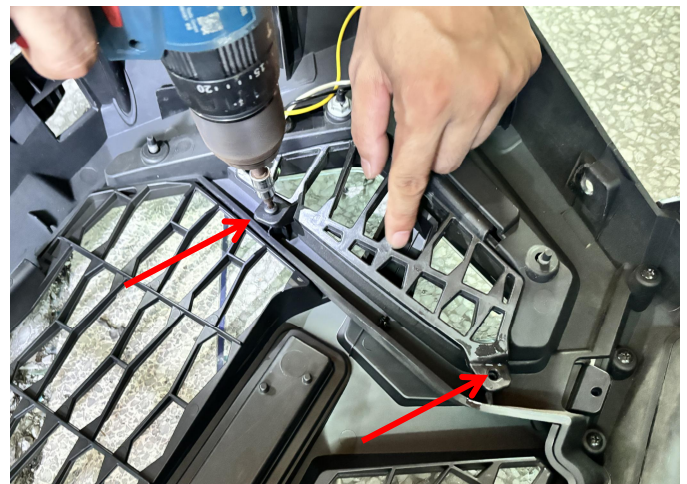

1. Remove the hood and front fascia of the original vehicle first. As the picture shows:

# Trim Plates of Front Fascia for Polaris RZR XP 1000 2019-2023

2. Remove the trim plates on both sides of the front fascia of the original vehicle, replace it with new trim plates, and fix them with the original screws (you can also use the screws in the product accessories package). As the picture shows:

3. Finally, reinstall the front fascia on the vehicle, and connect the wiring harness plug-in of the original headlight. As the picture shows:
