

# Under Seat Speaker Panel for Can-Am Maverick R

ZP-YJ-030603-181

## BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

## IMPORTANT

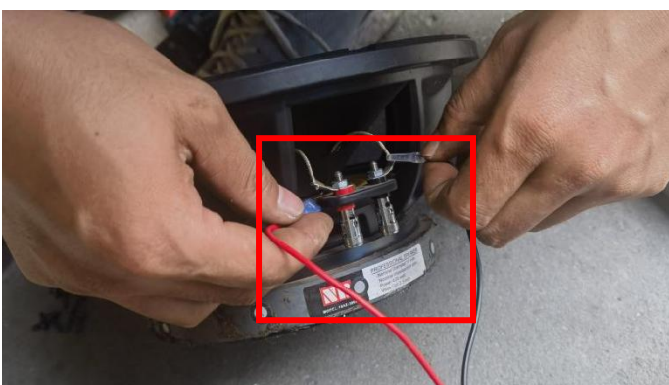

This UNDER SEAT SPEAKER PANEL KIT is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

## INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Product Images.  
(This product does not include speakers)

3. First, connect the matching speaker harness to the speakers, and then use the self-tapping screws to fix the speakers on the speaker bracket.

4. Use hex socket screws to fix the supporting iron bracket on the speaker bracket.

ZP-YJ-030603-181

5. Remove the seats from the vehicle, as well as the pulley bars that adjust the front and rear of the seats.

6. Install the speaker bracket under the seat (the iron bracket on the speaker bracket needs to be overlapped and aligned with the iron bracket fixing the pulley bar for subsequent fixing), then re-install the seat pulley bar, use the original screws of the vehicle for fixing, and finally install the seat back. (The other side of the speaker bracket is installed in the same way as above)
