

LED Front Fascia Lights for Can-Am Outlander 500

SAUTVS®

ZP-YJ-030602-046

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted. Please retain these installation instructions for future reference.

These *LED Front Fascia Lights* are exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris.

PRODUCT

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. First remove the decorative cover on the front fascia of the vehicle. Then install the daytime running light in the position, and use M4*16 self-tapping screws to fix. Finally, the wiring harness of the daytime running light and the headlight low-beam wiring harness can be connected. (Install the other side in the same way). As the pictures show:
(This product has turn signal function and can be connected according to demand.)
