

Left Hand Center Fender with Rocker for Polaris Ranger Crew XP 900 / CREW 570 Full-Size

ZP-YJ-030503-161

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

IMPORTANT

This *Center Fender Kit* is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product picture and accessories

1. Use the matching screws and nuts to assemble the separate protection plates into a whole. As the picture shows:

2. Remove the seat lower side guard plate of the original vehicle, replace and install the new guard plate in the original way, fix by the screws and the snap fasteners of the original vehicle (you can also use the matching screws in the accessory package), and finally reinforce by the self-tapping screws of the product. As the picture shows:

Note: The limit rib on the back of the guard

plate needs to be stuck on the front guard plate of the original vehicle seat, hold it in place.

3. The installation is complete.

Note: Please refer to the installation video in the Amazon listing before your installation, or contact the seller for the installation video.
