

Radiator Guard for Yamaha Raptor 700

ZP-YJ-031103-011

BEFORE YOU BEGIN

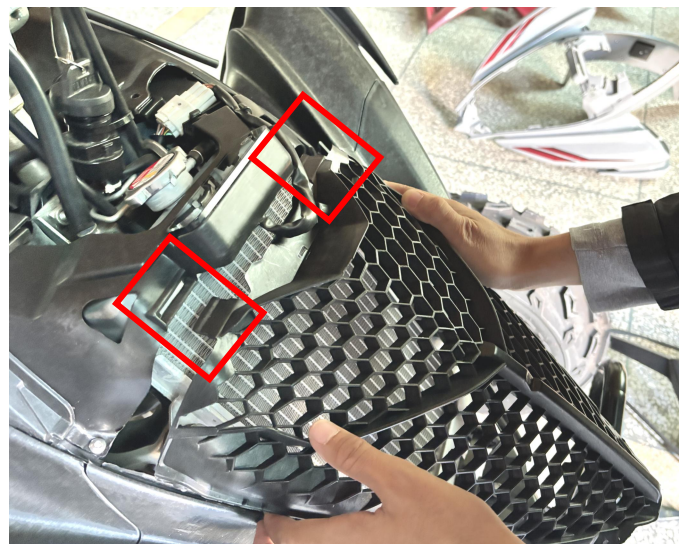

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Radiator Guard is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

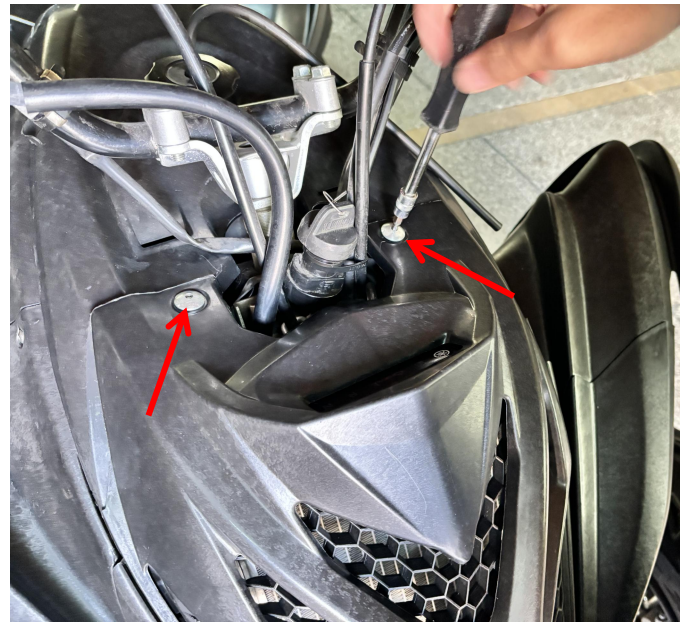

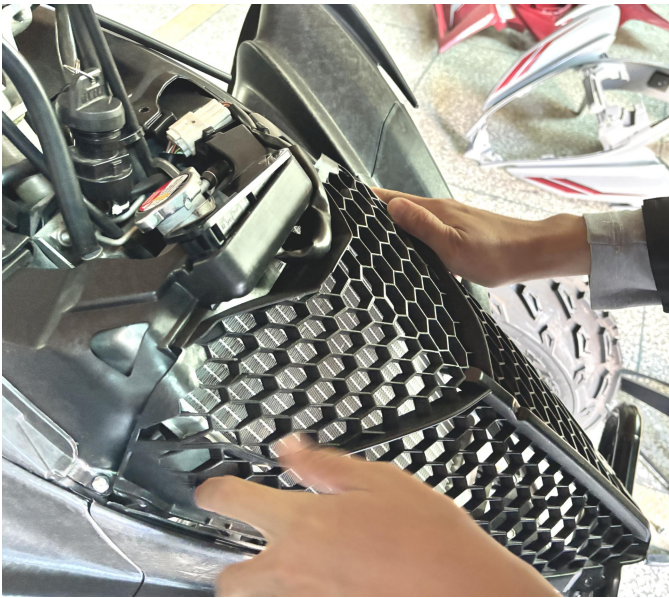

1. Remove the original decorative frame and the radiator guard, then install the new radiator guard onto the original vehicle and secure it with nylon screws. As shown in picture:

Note: When installing the new radiator guard, you need to snap the limit card on the top of the radiator guard into the slot on the original vehicle.
