

Rear Fender for Yamaha Raptor 700

ZP-YJ-031103-014

BEFORE YOU BEGIN

Read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference.

The Rear Fender is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

Note: Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.

Product and accessories picture:

1. First, use the matching screws and nuts to assemble the rear fender into a whole. As shown in picture:

2. Remove the original vehicle seat cushion and unscrew the screws that secure the rear fender of the original vehicle. As shown in picture:
